Mechanical Advantage

T-POD™

Trauma Pelvic Orthotic Device

"If you want to reduce the volume in the pelvis, I have never seen nor used anything that works as well as the T-POD. The best thing is that it is the most well designed and efficient device that is exceptionally simple to use."

- Captain Peter Rhee MD, MPH, FACS, FCCM, DMCC Director, Naval Trauma Training Center, Professor of Surgery, Molecular Cellular Biology, LA/USC Medical Center

T-POD (Orange) NSN 6515015262788

T-POD (Olive Drab) NSN 6515015261175

There are thousands of traumatic pelvic injuries each year in the United States.

A high percentage of motor vehicle accident fatalities are the result of bleed-out due to pelvic fractures.

Mechanical Advantage T-POD™

Product Features

The T-POD's tremendous, proven performance and efficacy result from its simultaneous Circumferential Compression™ and Mechanical Advantage™ features

T-POD is the only product providing simultaneous, complete, circumferential compression--resulting in the safest and most effective stabilization of the pelvic region.

Pull the tab--feel the power!

T-POD's unique, Mechanical Advantage Pulley System provides for quick, universal compression of the pelvic region with a simple and quick movement of the pull tab.

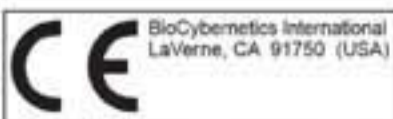

High-Visibility, Efficient, Effective Package

T-PODs are packaged in a compact, highly-visible, quick-opening package that comes complete with easy-to-follow instructions.

BioCybernetics Cybertech T-POD--the only product proven to be as effective as definitive fixation.
